

A0065NN Platinum Line**Warranty Certificate**

Assay	min 99%
Loss on drying	0.5%
Residue on ignition	0.1%

Packaging

25a white plastic jar

**Physical properties, composition and data**

Chemical formula	$C_{11}H_{13}N_3O$
Synonym	4-Amino-2,3-dimethyl-1-phenyl-3-pyrazol-5-one; 4-Aminoantipyrine; Ampyrone
Atomic weight	203.24
Appearance	Pale yellow crystals to powder
Solubility	Soluble in water, ethanol and benzene
Melting point	107 - 109°C

Laboratory preparation, applications and practices

Usage

Storage and handling information

Safety phrases	20
Risk phrases	22
Disposal methods	3
